

Medical Examiner's Certification of Mobility Impairment

Louisiana Department of Public Safety, Office of Motor Vehicles

PO Box 64886, Baton Rouge, LA 70896-4886/ www.expresslane.org

I certify that _____ meets the requirements as outlined in # _____ (shown below) and qualifies for a mobility impaired license plate and/or hangtag. I further understand that the willful and false certification shall subject me to fines and/or imprisonment as outlined in R.S. 47:463.4 (G) (4). The applicant's information is as follows:

Date of Birth: _____ Race: _____ Gender: _____

Address: _____

City: _____ State: _____ Zip Code: _____

Permanently Impaired – Applicant has a total or lifelong condition of mobility impairment from which little or no improvement or recovery can reasonably be expected. A medical examiner's certification is required on initial application only.

Temporarily Impaired – Applicant has a temporary condition of mobility impairment of which improvement or recovery can reasonably be expected. Applicant is entitled to a hangtag, which will be valid for one (1) year. A medical examiner's certification is required for the renewal of the hangtag.

Unable to appear in person at the Office of Motor Vehicles – Applicant must bring facial photo.

Medical Examiner's Signature: _____ Date: _____

Printed Name: _____ State License #: _____

Address: _____ Phone Number: _____

City: _____ State: _____ Zip Code: _____

To be completed by Motor Vehicle Analyst only:

VIN: _____ License Plate #: _____

Hangtag Control #: _____ Hangtag ID #: _____

Date Issued: _____ Operator #: _____ Office #: _____

Notice: Failure to Submit Medical Examiner's Certification of Mobility Impairment will result in rejection and/or return of application. Up to three (3) additional handicap hangtags are allowed per person. Two (2) mobility impaired license plates are allowed per person. Handicap hangtags or license plates are not issued or renewed to anyone other than the mobility impaired person or designee. The term "mobility impaired person" shall include any person who is impaired because of any of the following conditions:

1. Cannot walk two hundred feet without stopping to rest.
2. Cannot walk without the assistance of another person, walker, cane, crutches, braces, prosthetic device, or wheelchair.
3. Is restricted by a lung disease to such an extent that the person's forced (respiratory) expiratory volume for one second, when measured by spirometry, is less than one liter, or the arterial oxygen tension is less than sixty mm/hg on room air at rest.
4. Uses portable oxygen.
5. Has a cardiac condition to the extent that the person's functional limitations are classified in severity as Class III or Class IV, according to the standards by the American Heart Association.
6. Has a diagnosed disease or disorder, including a severe arthritic, neurological, or orthopedic impairment, which creates a severe mobility limitation.
